## OCTOFROST CARE

## PERSONALISED SUPPORT SERVICE

### GET THE BEST OUT OF YOUR EQUIPMENT

OctoFrost Care is a premium service program designed to keep your equipment running at peak performance through proactive maintenance. It also ensures your team is fully trained in industry best practices. By subscribing, you gain a powerful advantage: fault-free productivity, reduced downtime, and maximum operational uptime.

### OCTOFROST CARE OFFERS

- Customized service agreements tailored to your specific needs.
- Comprehensive training for both operational and technical teams.
- Priority access to expert support.

## MAXIMIZE UPTIME

Ensure long-term, trouble-free operation with proper equipment maintenance. Our engineers are here to support you with:

- Prevent issues before they occur with proactive maintenance.
- Replace worn parts before they interfere with equipment functionality.
- Minimize downtime with prioritized service and fast recovery.

## KNOWLEDGE EQUALS POWER

Skilled and knowledgeable operators and technicians are essential for the smooth operation of your equipment. That's why we offer:

- Training tailored to your needs, application, and equipment type.
- Technical training to ensure proper equipment maintenance.
- Priority access to expert service and support when it matters most.

## UNLOCK OPTIMAL PERFORMANCE

Easily plan ahead and keep your equipment performing at its best with OctoFrost Care. Discuss upgrades and development with us to start optimizing your production today.
